JR Marquez

Pure West Energy

Pinedale WY

970-433-4174

To whom it may concern:

My name is JR Marquez, I am a drilling consultant working for Pure West Energy 05/2023 to present. In this time we have used H&N Gold Field Services for all our B.O.P testing and have been very pleased with their services. H&N has very knowledgeable testers and good equipment. I would highly recommend them to anyone wanting the job done right and in a timely manner.

Thank you for your time,

JR Marquez

Prospective Clients,

My name is Ben Harbaugh, currently a daylight consultant in the Uintah Basin. I have worked with and around H&N Gold Testers and Washing crews on and off since 2008. They work diligently and safely on all sides of the work scope. From Pinedale , WY, the Powder River Basin to now the Uintah Basin their work quality has never changed. The communication and expectations are set from the management and far exceed industry standards. I have used them and have plans to continue using them to perform tasks we need top notch hands to execute.

11/21/2025

To Whom It May Concern,

I am writing to recommend **H&N Gold Services** for vendor approval. I have worked with them in their capacity as a **BOP pressure service company**, and they have consistently demonstrated reliability, professionalism, and strong technical capability.

H&N Gold Services has repeatedly shown that they can **get the job done efficiently and correctly**, even in demanding situations. Their team is responsive, knowledgeable, and committed to delivering quality results on schedule. In my experience, they have been a dependable Vendor who prioritizes safety and operational excellence.

Based on their performance and work ethic, I confidently recommend H&N Gold Services as an approved vendor. They would be an asset to any organization seeking dependable BOP pressure services.

If you require any further information, please feel free to contact me.

Sincerely,
Donaldo Hermosillo
